LIBERALS WON'T VOTE.

Cubans Leave Palma Clear Field in Com-
in Election.

Havana, Oct. 17.—At a general conven-
tion of the Liberal party, held yesterday
it was decided to withdraw entirely
from the coming Presidential election
and to inform the head of the Moderate
party that the Liberals will not be re-
sponsible for any acts that may occur in
the future. Manifestoes will be pub-
lished giving the reasons for this action.
Senor Zayas, the Liberal candidate for
the Vice Presidency, who presided at the
meeting, says that the decision was al-
most unanimous, there being no other
course for the party to follow. The idea
of withdrawal was presented at the last
meeting of the Liberals, but consideration
of the proposal was postponed awaiting
events.

It is now seen, the Liberals say, that
it would be useless to continue the cam-
paign in view of the colossal frauds com-
mitted in the registration. Senor Zayas
declares that in the San Lazaro ward of
Havana there are about 3,000 actual
voters, and that 12,000 have been regis-
tered.

FEUD MAY REOPEN.

Fresh Bloodshed Expected in Breathitt
County Soon.

Lexington, Ky., Oct. 17.—Mrs. Ara-
bella Marcum, widow of James B. Mar-
cum, assassinated at Jackson over two
years ago, appeared before the Breathitt
County Grand Jury yesterday and asked
that County Judge Jim Hargis, Sheriff
Ed Callahan, Alex Hargis and Judge Fult
French be indicted for procuring the
death of her husband. Mose Feltner,
chief witness for Mrs. Marcum, has asked
Gov. Beckham to furnish him protection
while in Jackson; but so far the Gov-
nor has taken no action in the matter,
and Feltner, who has been warned to not
go to Jackson to testify against the Har-
gis, has refused to obey the subpoena
of the Breathitt Circuit Court.

Breathitt county is now in a wilder
state of excitement than ever before, due
to the political campaign now being
waged against the Hargis-Callahan fac-
tion. S. S. Taulbee fusion candidate
for County Judge, is compelled to remain
indoors since the attempt to assassinate
him last week, and feeling is growing
more bitter and bloodshed is looked
for.

RUSSO-JAPANESE CHARITY.

\$20,000 Given to New Hampshire by En-
voys to Be Permanent Trust.

Concord, N. H., Oct. 17.—Governor
John McLean has decided to make a per-
manent trust of the \$20,000 given to
the charities of the state of New Hamp-
shire by the Japanese and Russian peace
envoys in equal amounts of \$10,000. He
will ask the next legislature to recog-
nize and accept the plan by the passage
of a suitable act.

The board of trustees has organized
with Governor McLean as president, Sec-
retary of State Edward Pearson as sec-
retary, and State Treasurer Solon A.
Carter as custodian, and has voted to
invest the fund in Japanese and Russian
war bonds.

According to the governor's plan, the
income will be divided by the board
among suitable charities on Sept. 3 of
every year, the date of the signing of
the Treaty of Portsmouth.

WILL NOT MEET IVINS.

Mayor McClellan Not Believer in the
Joint Debate Idea.

New York, Oct. 17.—Mayor McClellan
will not accept the invitation of William
M. Ivins, to meet him on the stump and
discuss campaign issues. He intends to
follow out his original programme of
speaking in all the boroughs, but he
does not believe in the joint-debate idea.
His first speech will be delivered at the
ratification meeting at Tammany Hall
Thursday night.

Charles F. Murphy refused to discuss
the platform of Mr. Ivins, or his chal-
lenge to the mayor. When asked in
what order he thought that Ivins and
Hearst would finish in the majority
race, he replied:

"McClellan will come in first. I don't
care how the others finish." I don't
care how the others finish."

There is no fear at Tammany Hall
about the county ticket excepting the
candidate for district attorney.

BOSTON LOST TO PILGRIMS

English Association Foot Ball
Eleven Played Strong Game.

AND WON FIVE TO NOTHING

Good Crowd of Enthusiasts and Curious
Persons Saw the Exemplification
of the "Socker" Game
Yesterday.

Boston, Oct. 17.—The Pilgrim asso-
ciation foot ball team from England yester-
day afternoon defeated the Greater
Boston team, 5 to 0, at the South End
grounds. There was a good sized crowd
in attendance.

Sir Charles Kirkpatrick kicked off for
the Englishmen. By fast work the ball
was rushed up to Boston's goal and
Woodward shot a goal inside of two min-
utes' play. Boston took the aggressive
and only a fine stop by Kirkpatrick pre-
vented a score for Boston. Boston pressed
the Englishmen and only fine work by
Captain Milne prevented scoring.

Milne headed a fine shot by McAllister
and avoided a goal. Accurate passing
by the Englishmen carried the ball close
to Boston's goal, when offside play spoilt
their chances to score. Play became
fast and furious, and Copeland got the
ball and drove under the bar for the
second score for the Englishmen, but it
was not allowed.

Bransdale dribbled the ball up into the
Boston's ground, but good blocking by
Crabbe prevented a goal. Boston's play-
ers were lighter, but more agile than
their opponents, but lacked the equalness
in team play.

The ball oscillated from end to end of
the field, the members of both teams
showing flashes of brilliant play. Cap-
tain Milne carried the ball only to lose
it by a concerted movement by the Bos-
ton defence.

Several times the ball was rushed past
the Boston defence, but fine stops in
goal by McDermott stopped the scoring.
Bert Waters, the old Harvard foot ball
captain and present coach, came on the
field while the game was in progress and
became deeply interested in the contest.

After holding each other in midfield
the Englishmen brought the ball close
to Boston's goal and Copeland made a
try, the ball hitting the crossbar. Play
closed shortly afterwards for the end of
the half, the Englishmen having one goal
to their credit.

The Second Half.

In the second half the Englishmen
scored on a shot by Copeland after two
minutes of play. There was a hot
scrimmage in front of the English goal,
but McDonald missed a straight goal.
A foul by Story gave Boston a free kick.
The Englishmen worked the ball up fast
and Bryning got a goal on an angle shot.
Boston nearly scored, but good heading
prevented.

Along the sidelines were many ex-

present to get a line on the possibility of
its adoption in this country to a greater
degree than it already exists, and they
were astonished by the skill and profi-
ciency of the players.

When the second half opened there
were many prominent Hub people in the
stand, among them being John I. Tay-
lor, owner of the Boston American base-
ball team; William Wallace, the auto
racer; Lockwood, the golf champion;
Percy Haughton, ex-captain Harvard
football eleven; Assistant District At-
torney Hugh Bancroft, John Morrill, the
old ball player.

GAME IS FIT FOR THUGS

Says President of Georgetown
University on Foot Ball.

SEVERE CONDEMNATION

Brutal Tactics Are Cited to Show the
Point — College Foot Ball Is
Now Receiving Strong
Arraignment.

Washington, D. C., Oct. 17.—Charac-
terizing football as a game "fit only
for thugs," the Rev. David Hillhouse
Buel, president of Georgetown univer-
sity, in an open letter to the alumni and
friends of Georgetown, condemned se-
verely the gridiron contests as played
today by American colleges.

"The faculty of Georgetown is not
opposed to the furtherance of field,
track, aquatic or indoor sports," Dr.
Buel says, "as it recognizes them, when
properly conducted, as an agency for
moral and physical development; but
in football there is a system of tactics
among our oldest and most influential
universities which can only excite hor-
ror and reprobation among honorable
men."

Dr. Buel cites several instances of
such tactics, among them the follow-
ing: "Before a certain game between
two great universities the head coach
assembled his team and told them that
they could not win in the morning's
game with a certain man on their op-
ponent's team; he ordered that during
the first half no attempt should be made
to score, and every effort concentrated
on putting him out of the game; when
this was effected in the first half, to
score and win in the second half. Or-
ders were given that when any one fell
on his man he was to fall on his head.
This plan was carried out the next day;
the man in question was carried from
the field delicious in the first half, and
his brutal assailants won the game in
the second half.

"In another case a minor college was
coached by a prominent member of a
great university team. The coaching
consisted in teaching the men how to
strike their opponents in certain delicate
parts of the body, so as to render them
helpless.

"During the present season one mem-
ber of the Georgetown team has been
bitten in the ear, another in the breast.
The game as thus played today is fit
only for thugs. Its ethics are more de-
testable than those of the prize ring.
There it is not allowed to strike below
the belt; the contest is between man
and man, and it is not permitted to strike
a man when he is down."

FOOT BALL "TOO BRUTAL"

Champion Lightweight Pugilist of the
World Made Interesting Comment.

Kansas City, Mo., Oct. 17.—Batling
Nelson, champion lightweight of the
world, saw a football game Saturday
for the first time. He enjoyed the game,
but declared that it was too brutal a
thing for him to mix up in.

"It's great sport, I guess," remarked
Nelson, "but excuse 'at' from mixing
up with that bunch of murderers. Those
fellows seem to be enjoying themselves,
but mine with the padded mits and a
referee that won't let 'em kick when I'm
down."

"Look! See that bunch pile on that
poor guy! He'll be killed, sure. No,
no foot ball for your own friend 'at'.
It's a good game to watch, but fighting
for mine."

"What's that? Scrimmage. Well, it
looks worse than that to me. I'd rather
fight Jeffries and Sharkey in the same
ring than take a chance with that bunch.
You say they're not in condition? Those
kicks have been training for a year. Don't
tell me they can take that roughing
without hitting the road for a couple
of years. I've fought some awful tough
guys, but I wouldn't mix up in one
of them things you call scrimmages,
for the championship of Denmark."

THREE DEAD IN WRECK.

Switch Purposely Misplaced at Fresno,
Cal., Today.

Bakersfield, Cal., Oct. 17.—A north-
bound train on the Southern Pacific
railway was wrecked at the yard en-
trance at Fresno yesterday.
Engineer Cole and Fireman Butts,
both of Bakersfield, and an unknown
tramp, were killed. None of the pas-
sengers was seriously hurt.
The wreck was due to a misplaced
switch, the work of train wreckers. The
lock was broken with a rock found near
the switch.

KILLED BY YAQUI.

Two Americans Have Been Murdered in
Mexico.

Austin, Tex., Oct. 17.—A dispatch
from Hermosillo, Mexico, says that John
C. Anderson, a resident of Boston, Mass.,
who has been in Mexico for several years
looking out for his extensive mining in-
terests, has been murdered by Yaqui
Indians. Edgar J. Jones, an American
mining engineer, who was with him,
was also killed. The two Americans
made a hard fight for their lives, killing
five of the Indians.

REFUSED \$6,000 FOR APPLES.

Shoreham Man Will Put His Crop in
Cold Storage.

Middlebury, Oct. 17.—While the apple
crop in this section of the state is not
up to the average, still it is good for
this season, and better than in many lo-
calities. Romaine Hemenway of Shore-
ham, one of the largest fruit raisers of
Addison county, has refused \$6,000 for
his crop, estimated at 3,000 barrels. He
will ship his apples to Boston and place
them in cold storage.
The potato crop in this vicinity is a

completely cover-
ing my head, neck
and shoulders,
discharging mat-
ter of such offen-
siveness to sight
and smell, that to my friends, and
even to my wife, I became an object
of dread. At large expense I consult-
ed the most able doctors far and near.
Their treatment was of no avail, nor
was that of the—hospital, during
six months' efforts. I suffered on and

True
and

Human
Interest.

This sum of money, \$25,000.00, will
be given to any charitable institution if
it can be shown that the story of Father
John's Medicine is not true in every par-
ticular. This story, in brief, is as fol-
lows:

Half a century ago Rev. Fr. John
O'Brien of Lowell, Mass., through over-
work and exposure, became seriously
run down. A cold and stubborn cough
and lung trouble threatened his life. An
eminent specialist gave Father John,
as he was fondly called, a prescription
to cure the cold and remove the lung
trouble, as well as to build up and
strengthen the body. The clergyman be-
gan to improve at once, the cough dis-

appeared and his lungs healed. It
corrected his digestion, made new tissue
and Father John was soon restored to
his former health and strength.

Father John recommended the medi-
cine to his parishioners and friends and
because of its merits it became the fam-
ily remedy in thousands of homes, and
it became known as "Father John's Me-
dicine," having been so named by the
people, and was advertised, all with the
approval of Father John.

It will cure all throat and lung trou-
bles, prevent pneumonia and consump-
tion and make flesh and strength if tak-
en faithfully. It is not a patent medi-
cine and does not contain alcohol or
poisonous drugs. Guaranteed.

FLYER WRECKED.

Fourteen Persons Injured on the Mis-
souri Pacific.

Pueblo, Col., Oct. 17.—The westbound
Missouri Pacific flyer from St. Louis
to Denver was wrecked at Sugar City
at 6:30 o'clock yesterday morning and
fourteen persons were injured, one of
whom may die. The last three cars
of the train, two day coaches and a
Pullman, were thrown into a ditch by
the spreading of the rails. The injured
were placed aboard the remaining coach
and baggage cars and taken to Pueblo.

Homer C. Hopkins, aged nearly 84
years, died Thursday at his home in
Longmeadow, Mass. Mr. Hopkins was
a native of Cabot, but the greater part
of his active life was passed in Mont-
pelier. He was a carpenter and builder
and in the early days of the Civil War
was employed in the stocking depart-
ment of the army in Longmeadow, and
later for a while at the Wason car-shops.
Mr. Hopkins is survived by his wife,
two daughters, Mrs. E. F. Hayes and
Miss Jean Hopkins, the latter for many
years engaged in charity work in New
York city, and a granddaughter, Miss
Ruth Warren, for several years past a
teacher in the National Cathedral school
of Washington, D. C.

GUARANTEED TO CURE DISEASED KIDNEYS.

The guarantee we give to refund the money to
any one using Cal-cura Solvent without benefit,
is something hitherto unheard of in the treatment
of serious and dangerous kidney and bladder dis-
eases. Its wonderful power to cure diseases of
the kidneys and bladder is the happy result of
the efforts of that skilled physician and surgeon,
Dr. David Kennedy, to make a medicine that
would dissolve and expel from the system stone,
gravel and uric acid. In this way, Cal-cura Sol-
vent not only cures the disease but also re-
moves all irritating causes.

Cal-cura Solvent has such a peculiarly beneficial
effect that it almost invariably cures, and we run
little risk in our generous offer. Try the remedy
at our expense if it fails; at a small cost to you
if it cures. Do not delay. Write The Cal-cura
Co., Kingston, N. Y., for a free treatment bottle.
